

BROADCAST LICENSE REQUEST

Beckenhorst Press, Inc. or The Music of Dan Forrest

This license allows you to broadcast our music on radio or TV.

Please note: a broadcast license does NOT cover...

- **Live-streaming/webcasting worship services** online. Instead, we recommend a CCLI streaming license from CCLI.com.
- **Live-streaming/webcasting concerts** (not worship services) online. Instead, we recommend an ASCAP performance license; simply report your live-stream/webcast on your performances survey.
- **Distributing audio or video recordings (physically or digitally)**. Instead, please request a mechanical license (for audio) and/or synchronization (for video) license from us (see those respective license request forms). (Note: If your performance will be physically or digitally distributed *and* broadcast on radio/TV, then these licenses are required *in addition to* a broadcast license.)

Broadcast License fees vary depending on the amount of our music involved, length of the broadcast, size/scope of the broadcast, number of broadcast stations involved, etc. **Please fill in the requested information below, and send a copy to detailed description of your broadcast, including titles and product numbers of our music, to licensing@beckenhorstpress.com.** We will reply with a rate quote and details for payment.
